

MUHAMMAD ABI RAFDI PRATAMA

QUALITY ENGINEER

Bandung City, West Java, Indonesia | (+62) 896-1361-5041 | pratamaabi28@gmail.com

Portfolio: <https://my-portofolio-omega-lemon.vercel.app/>

PROFESSIONAL SUMMARY

Informatics Engineering graduate with a strong foundation in software quality assurance and web development. Experienced in designing test scenarios and test cases, executing functional testing, and documenting and reporting defects across the software development lifecycle. Combines hands-on development experience (PHP, Laravel, JavaScript) with structured testing practices to collaborate effectively with developers. Detail-oriented, methodical, and committed to delivering reliable, high-quality software.

TECHNICAL SKILLS

QA & Testing: Test Scenario Design, Test Case Design, Functional Testing, Positive/Negative/Boundary Testing

Defect Management: Defect Identification, Documentation & Reporting, Acceptance Criteria Validation

Test Types: Functional, Usability, Cross-Browser & Cross-Device Compatibility, Regression Support

Documentation: Test Scenarios, Test Cases, Test Execution Reports, Test Coverage Review

Development: PHP, Laravel, JavaScript, HTML, CSS, Relational Databases

Tools: Figma, QGIS, Microsoft Office, Canva, Photoshop; UML Design

Soft Skills: Attention to Detail, Communication, Time Management, Teamwork, Adaptability

PROFESSIONAL EXPERIENCE

Quality Assurance Trainee (Bootcamp) — PT. Adi Data Informatika

Jan 2026

Bandung, Indonesia

- Created comprehensive test scenarios for the ParaBank demo website based on business requirements and user workflows.
- Designed and documented detailed test cases covering positive, negative, and boundary conditions.
- Performed functional testing on key features including account registration, login, fund transfer, and transaction management.
- Identified, documented, and reported defects found during testing activities.
- Validated system behavior against expected results and acceptance criteria.
- Participated in test review sessions to ensure test coverage and quality standards.
- Analyzed application workflows to improve test effectiveness and prepared test execution reports.

Web Developer Intern — PT. Telkom Indonesia

Sep 2023 – Dec 2023

Bandung, Indonesia

- Performed software testing, bug fixing, and system validation prior to deployment of the SIMOOLTAN management information system.
- Developed and tested CRUD functionality on the Laravel framework, ensuring data consistency and reliability.
- Validated interactive mapping features for accurate project monitoring and location tracking.
- Collaborated with the team to translate business requirements into verifiable system functionality.

Web Developer (Part-Time) — Unix Cafe

Aug 2022 – Dec 2022

Bandung, Indonesia

- Performed software testing to ensure functionality, usability, and compatibility across multiple devices and browsers.
- Identified and resolved bugs and technical issues during development and testing phases.
- Developed and maintained website features aligned with business and customer requirements.

EDUCATION

Universitas Komputer Indonesia — Bachelor of Informatics Engineering

Sep 2020 – Oct 2024

Bandung, Indonesia | GPA: 3.41 / 4.00

CERTIFICATIONS & LANGUAGE

- BNSP Professional Certification — Junior Web Programmer
- AP2SC Hardware Certificate
- TOEFL ITP — Score: 489

ORGANIZATIONAL EXPERIENCE

Informatics Engineering Student Association (HMIF)

2022 – 2023

Universitas Komputer Indonesia

- Chief Executive, PILKAHIM student election; Consumption Coordinator, HMIF Dies Natalis — led cross-divisional planning and execution.
- Committee Member — Logistics (GAMATIF) and Event (Technopreneur Vol. 3) divisions.
